OBJECTIVE

Enthusiastic BCA 2nd-year student with a genuine interest in Cloud Computing, Computer Networking, and Web Development. Passionate about learning new technologies and building a strong foundation in IT. Actively seeking internship opportunities or entry-level roles where I can contribute, grow, and gain hands-on experience.

EDUCATION

Bachelor of Computer Applications (BCA)

2nd Year · 2024 – 2027 (Expected)

- Currently studying core subjects: Networking, Programming, DBMS, Web Technologies.
- Actively learning Cloud and Linux concepts alongside academic curriculum.

Higher Secondary Certificate (HSC – Science)

Maharashtra State Board · Passed 2024

CERTIFICATION

Web Development Certificate

Issued: 2024 – 2025

- Covered core web technologies: HTML, CSS, JavaScript, and PHP.
- Learned to build responsive and interactive web pages.
- Gained understanding of front-end design principles and basic back-end logic.

AREAS OF INTEREST

These are the domains I am actively studying and passionate about pursuing as a career:

Cloud Computing

Exploring cloud platforms, services, and deployment models. Interested in AWS, storage solutions, virtual machines, and cloud-based infrastructure.

Computer Networking

Fascinated by how data travels across networks. Currently learning TCP/IP, subnetting, routing protocols, and network design concepts.

Web Development

Enjoy building websites using HTML, CSS, JavaScript, and PHP. Interested in creating clean, user-friendly interfaces and learning modern frameworks.

Python Programming

Python is my favourite language. Using it to automate tasks, understand logic, and explore scripting and back-end development.

ACADEMIC COURSEWORK

- Programming in Python & PHP
- Database Management Systems (DBMS)
- Computer Networks & Data Communication
- Web Technologies (HTML, CSS, JavaScript)

- Operating Systems & Linux Basics
- Mathematics & Statistics for Computing

TECHNICAL SKILLS

Programming Languages

- > Python (Favourite – Good)
- > PHP (Good)
- > JavaScript (Familiar)
- > HTML / CSS (Good)

Cloud & Networking

- > Cloud Computing Basics
- > Networking Fundamentals
- > TCP/IP, OSI Model
- > Linux Command Line (Learning)

Web Development

- > Responsive Web Design
- > Front-End Layout (HTML/CSS)
- > Basic Back-End with PHP
- > Form Handling & Validation

Tools & Platforms

- > VS Code
- > Git & GitHub
- > Browser DevTools
- > XAMPP / localhost

SOFT SKILLS

- > Eager to Learn & Adapt
- > Good Team Player
- > Curious & Self-Motivated
- > Honest & Hardworking
- > Open to Feedback

LANGUAGES KNOWN

- > English – Working Knowledge
- > Hindi – Fluent
- > Marathi – Native

CURRENTLY LEARNING

- > AWS Cloud fundamentals & services
- > Advanced Python scripting
- > JavaScript (ES6+) & DOM
- > Networking with Cisco Packet Tracer
- > Linux administration basics
